

Project Manager - Design Management

Product Ventures, a renowned design agency that helps *Fortune 500* clients shape products and packaging to enhance consumers' lives, has an exciting opportunity for an experienced Project Manager. As a direct report to the CEO, you will be charged with managing client projects and ensuring the accomplishment of objectives, on time and within budget by collaborating with *Strategy & Insights, Industrial Design, Technologies & Development and Strategic Branding* teams to meet client deliverables.

To qualify, you must have had 6-8 years working in account management for an agency, or in-house for a CPG company, be highly organized with fastidious attention to detail, possess excellent communication skills and show demonstrable experience in creative thinking and strategy. You will be responsible for the day-to-day management for one of the design teams and the primary contact for the clients.

Requirements:

- Bachelor's degree in related field
- Eloquent communicator, able to persuasively present to clients
- Known for strong time management and leadership skills
- Creative thinker
- Proposal writing experience in past employment that wins business and accomplishes objectives
- Must be self-motivated and able to take initiative
- Follow through on design projects from briefing to completion
- Previous experience in design industry (preferred)

Visit our website at www.productventures.com to learn more about the company.

If this describes you and your account management experience and you are motivated to seek this opportunity to join our **Fairfield County** agency, please email your resume and a cover letter specifically stating why you are the right candidate for this position.
